

## **CFS and Microplasma Incognito**

### **CFS and Microplasma Incognito Testimonial # 124:**

"I am a prior user of Imuplus for the past month, but was unhappy with the product because it could only be mixed with milk and I thought it had a horrible smell. I just bought my first box of Immunocal to try through my doctor. (I have **CFS** and **microplasma incognito**). I received my Immunocal from the Immune Institute from Dr. Ferre Akbarpour in Huntington Beach, CA. I hope this helps. Thanks." **Sincerely, Kathy Huntington Beach, CA**
