

To: Mr. John Molson

August 20, 2005

From: Karen Garcia

Hello John, My name is Karen and I am writing you to tell you about my husband Andres, He was diagnosed with Leukemia in April of this year, we thought we were going to loose him, but then my father introduced us to Immunocal. He started to take four packs a day and within only one month of taking it, he was in remission and currently still is. So, I wanted to thank you and also give my testimonial on how it has helped us. I am currently a distributor and am trying to sign as many people up as possible. Although, we are struggling to pay for Immunocal since we have to order four boxes per month and are struggling financially to pay for it, we need some help, if at all possible, could you send us some free boxes of Immunocal, we would greatly appreciate it. Regardless, we will continue to order it, and tell people about it. I have enclosed my husband's blood test results before and after. His Hemoglobin got as low as 4.3 and now is at 15.6!!! What a difference !!! If you would like proof of his medical records I would be happy to send them to you. You can email me at :

karenellice2@yahoo.com

my address is :

2713 Westgate drive
HighPoint NC 27265 (U.S.A)

My phone number is:

336-317-0664

please contact me anyway that you would like.

Thank you from the bottom of our hearts

Sincerely,

Karen & Andres Garcia

SECTION ON HEMATOLOGY AND ONCOLOGY

*Comprehensive Cancer Center
of Wake Forest University*

**RE: Garcia, Andres
NCBH# 1839885**

To Whom It May Concern:

Mr. Garcia is a 29-year-old patient who has been diagnosed with acute myelogenous leukemia on April 6, 2005. He is very ill and will be hospitalized for at least 4 weeks. His condition is life threatening; we have encouraged his family to visit if at all possible.

If you have any questions about Mr. Garcia's illness, please contact me.

Sincerely,

Bayard L. Powell, M.D.
Professor and Section Head
Internal Medicine-Hematology/Oncology
Director, Leukemia Service
(336) 716-7970

BLP/ib

note
after only 4 weeks he was in remission
thanks to Immunocal!!
